

RwandAir Ltd is the flag carrier airline of Rwanda. It operates domestic and international services to East Africa, Central Africa, West Africa, Southern Africa, Europe and the Middle East from its main base at Kigali International Airport. Our mission is to provide unsurpassed, safe, and reliable services in air transportation, including strategically linking Rwanda with the outside world while ensuring a fair return on investment. As part of the expansion strategy, we are looking for interested, qualified, and competent candidates to fill the following position:

Job title: Plumber

Reporting line: Facilities Maintenance Specialist

Department: HR

Location: Kigali International Airport

Job Purpose

To perform plumbing installation, maintenance, repair, and inspection activities across RwandAir facilities to ensure the continuous availability, safety, efficiency, and compliance of water supply, drainage, sanitation, and related plumbing systems, while minimizing operational disruptions.

1. Key Duties and Responsibilities:

- Carry out preventive and corrective maintenance of plumbing, water supply, drainage, sanitation, and associated systems.
- Inspect plumbing infrastructure to identify leaks, blockages, equipment failures, and other defects, and undertake appropriate corrective actions.
- Repair, replace, and install pipes, valves, taps, sanitary fixtures, pumps, water tanks, and related plumbing components.
- Respond promptly to plumbing emergencies and breakdowns, particularly in critical operational and service areas.
- Conduct routine inspections and report major defects, deterioration, or replacement requirements to the Facilities Maintenance Specialist.
- Support renovation, construction, and facility improvement projects involving plumbing installations and modifications.
- Ensure all plumbing works are executed in accordance with applicable safety regulations, technical standards, and company procedures.
- Maintain accurate records of maintenance activities, inspections, repairs performed, materials consumed, and outstanding work orders.
- Coordinate with contractors, suppliers, and service providers during specialized maintenance or installation projects.
- Ensure proper utilization, maintenance, and accountability of tools, equipment, and plumbing materials.
- Maintain a clean, safe, and organized work environment at all times.
- Escalate significant plumbing failures, safety hazards, water damage, or operational risks immediately to the Facilities Maintenance Specialist.
- Perform any other duties assigned by the supervisor in support of departmental objectives.

2. Qualifications, Professional Requirements, and Experience:

- Minimum of **2 years of relevant experience** in plumbing installation, maintenance, and repair.

RwandAir

Fly the dream of Africa

- Experience in airports, airlines, hotels, hospitals, commercial buildings, industrial facilities, or other large-scale operational environments will be an added advantage.
